

DEFAULT — DCM BRAND PURPLE

All eleven band patterns on the brand palette with the purple-plate mark. This is the shipping default.

True size 2.8" × 0.8" — print at 100% / Actual size, not Fit to page.

GRADE RAMP — ALL TEN GRADES

Same band and palette throughout, so the chip is the only thing that moves. 10 and 9 are inverted: flat ink cannot imitate metal, so contrast implies it instead.

True size 2.8" × 0.8" — print at 100% / Actual size, not Fit to page.
